

I am writing concerning KLOVE radio station and the impact LPFM may have on it. I so much enjoy listening to KLOVE and know there is no other station like it. It's encouraging and positive message is a vital part of stressful living today. I know many people in my community who listen to KLOVE and know we would be without a comparable radio station if it were to be taken from our community. The public who listen to KLOVE benefits from it in so many ways. We can hear music and talk 24/7 that isn't offensive to us or our children. That alone isn't easy to say about most radio stations. We can contact KLOVE in different ways for support, encouragement and prayer. Please don't take KLOVE from any area.
